

Notes from 137 breakout on District structure and tax equity

Block grants need to be rethought—could they be wiped out if state aid increased?

Consideration of block grant flexibility (GF, transpo, combined)

Are numerous district level funds necessary? Could there be fund consolidation? Mention QSIC study/recs on this.

Question on how block grants came about and are calculated.

Concern that block grants were locked in time and circumstances have changed (ex. population).

Concern that removing block grant would not be well received, so might be better to tweak GTB formula.

Concern about county equalization and one district subsidizing entire county, especially with reservations.

Discussion about impact on property tax classes of county or state equalization.

Questions about role of impact aid.
